--

I/We herewith agree that Biodynamic Federation – Demeter International may save my data for further communication as well as for sending the updated Standard, newsletter and other relevant information. This agreement may be withdrawn any time by sending an e-mail to ute.bucholski@demeter.net

place, date	signature farm manager

I/We herewith confirm that the statements in this sheet are given to the best of my/our knowledge and are in accordance with the facts.

Hereby, I make an application to Biodynamic Federation Demeter International for the conclusion of a license agreement (application fee 450 Euro).

place, date	signature farm manager

Please hand in the following attachments together with your filled in application form:

1. Your current organic certificate, where the certified area and products are mentioned
2. Your last organic inspection report
3. An organogram with the name of the legal entity (name of the company), which describes the involved parties and connections.

Please hand in during the conversion procedure:

1. Your completed plot list with the dates of spraying the biodynamic preps within the past 12 months.
2. Your conversion plan – compiled together with an authorised Demeter advisor.

The starting point of the conversion period (at least 12 month) for certification is the approval of conversion plan according to our Standard.

To process the evaluation of your conversion plan and relevant documents we will charge an application fee of 450 Euros (that also covers the costs of the first inspection documents evaluation) according to our current Fee Scale.

We are looking forward to taking up new partners. However, we need to inform you that the BFDI board has the right to turn down an application without giving reasons.
